

Giving your consent to verifying the data in the Incomes Register

Consent to verifying the data in the Incomes Register

- Early childhood education and care's invoicing professionals need the guardian's consent to verifying the data in the Incomes Register. Guardians and/or other people living in the household can give or withdraw their consent to having their Incomes Register information checked on the VaSa service.
- If you give your consent, your income data may be checked from the Incomes Register and used to determine customer fees or value of service voucher for your family. By giving your consent, you understand that you are obliged to deliver information and documentation on the income that is not available in the Incomes Register.
- Your consent will be valid until further notice. You can withdraw your consent at any time by editing the consent you have given on the VaSa service or by informing about the matter by email. If you do not give your consent, or if you withdraw it, you must deliver information and documentation on all your income.

Giving your consent on the VaSa service

The guardian can consent to verify their income data in the Incomes Register

- in the Consents window that opens when you start to fill out a new application or income statement or
- on the Consents page under 'Income Register'. You can find the Consents page from the menu on the left.

Give your consents by choosing "My income information may be checked from the Incomes Register."

You can withdraw your consent at the same place by removing your selection.

Communication preferences

Once the decision has been made for your family or child, you will be able to view, download and print the decision. You will be notified via email about the decision. You will also receive a direct link to the decision in CGI Vesa. You can access CGI Vesa with a web browser or a mobile application. Decision will also be available in Suomi.fi, if you have activated the service. You can select delivery of the decision on paper only when necessary.

Income register

If you give your consent, your income information can be checked from the Incomes Register and used to determine your family's fees or service voucher values. By giving your consent, you understand that you still must provide information on income that is not available in the Incomes Register. You can check what information is available in the Incomes Register at <https://www.vero.fi/en/incomes-register/individuals/>. The consent is valid until further notice. If you do not give or you withdraw your consent, you must provide information and proof on all your income through the income statement.

☒ My income information may be checked from the Incomes Register.

The spouse of the guardian belonging to the same household can give their own consent to verify their income data by logging in the VaSa service.

Terms and Conditions

The processing of personal data in the early childhood education and care systems is based on fulfilling statutory requirements, the public interest or the exercise of public authority. In this case, the municipality, as the data controller, does not need a separate consent to process your personal data. CGI Vesa service stores information about you and your family. In addition, early childhood education has a statutory obligation to use the Suomi.fi
